Face the Future  
FOUNDATION

### Face the Future Foundation, Chicago

Face the Future Foundation is an integral part of the many successes and milestones of the Craniofacial Center at the University of Illinois-Chicago. In 1987, a group of former patients and their families, grateful to the Center for the life-changing services they received, banded together with prominent local social and business leaders to help raise money to aid the Center's mission. Originally called the Advisory Board of the Craniofacial Center, the Foundation immediately threw itself into the task of providing funding for the Center's unparalleled patient care while raising public awareness of craniofacial conditions.
