Welcome to the **40th Annual ASPSN Convention: 40 Years of ASPSN Celebrating You**. The 2014 Scientific Sessions Planning Committee has done a phenomenal job creating a multi-dimensional program sure to provide many pearls to take away with you. Please take the time to thank our SSPC Chair Nancy Radoslovich and the Committee members on a job well done.

Chicago, known as the Windy City, is not only hosting the Plastic Surgery Meeting this week but it is also the weekend of the Chicago Marathon! Of course there are many fabulous restaurants, shopping opportunities, and various sightseeing events to enjoy during your stay, but please be prepared for an incredibly busy weekend in the city. Also ensure you plan enough time to get to and from the Convention Center from our hotel, particularly on Saturday during the marathon. The ASPS will be providing transportation from the Westin River North to the Convention Center, but expect delays due to adjusted traffic patterns.

I’d like to share a few interesting facts about this wonderful city. Did you know that the 1st Blood Bank was created in Chicago in 1937? The Twinkie was invented in 1930; the Ferris Wheel was invented in 1893; and the 1st Skyscraper was built in 1885 which was 9-stories tall. The Chicago River is also the only river in the world that flows backward! Stay tuned for other fun facts throughout the Convention…

How exciting to be celebrating our 40th year! ASPSN continues to grow and is stronger in its 40th year because of you. It is because of your passion for your profession and our professional organization that the Society is able to provide a top notch Convention for our nurses. Our organization continues to find new ways to provide value to our existing and new members. I look forward to discussing some of these exciting developments during our membership meeting on Sunday. I also look forward to personally welcoming our new members and first time attendees at breakfast Saturday morning.

This meeting is for you! Please take advantage of all of the educational opportunities as well as the sights, scenes, restaurants and shopping that Chicago offers.

Warm regards,

Sue Kunz, BS, RN, CPSN
ASPSN President 2012-2014

**Scientific Sessions Planning Committee Welcome**

It gives me great pleasure to welcome you to Chicago and to the **ASPSN 40th Anniversary Convention**.

The SSPC has worked diligently to assemble the leaders in the field of plastic surgery to bring you the topics that will help meet your continuing education needs. There are cutting edge topics such as nipple sparing mastectomy, facial transplant, and shadow imaging. We’ve also included Nuts and Bolts sessions for safety and pharmacy credits, and a few to nurture our personal growth. It is our hope that there will be something for everyone! The National Convention is also an opportune time to meet new friends, catch up with the old, and perhaps re-ignite your passion for your profession. We are thrilled to be able to introduce you to Kristin Baird our Keynote speaker. Kristen’s session “Reclaiming your Personal Passion for Nursing” will address the theme of our 40th Anniversary meeting, “Celebrating You”.

We hope that you will take some time to enjoy the city of Chicago while you are here. Chicago is well known for it’s famous restaurants, nightlife and shopping. Our hotel is located just a short walk away from the action. Enjoy!!! The SSPC welcomes your comments and suggestions for future meetings. This is your meeting. Let us know how we can support you in your educational endeavors.

About ASPSN

Plastic surgical nursing is a diverse multidisciplinary field that encompasses various practice settings and educational backgrounds including pediatric reconstruction, skin care, aesthetics, burns, adult reconstruction, craniofacial, operating room, post anesthesia care, office settings, management and includes nurse injectors, independent practitioners, advanced practice nurses, nurse educators, physician assistants, surgical technicians, licensed practical nurses, and industry. ASPSN will help you enhance your practice by providing information on current trends, patient safety initiatives, and legislative updates. ASPSN encourages members to take full advantage of the many benefits membership has to offer. From continuing education and discounts on educational opportunities, publications, and certification to free special interest discussion groups, ASPSN has something for everyone.

Mission Statement

The mission of ASPSN is to employ education and research to promote practice excellence, nursing leadership, optimal patient safety, and outcomes by using evidence-based practice as a foundation of care. ASPSN accomplishes its mission by

• Developing the highest standards of plastic surgical care
• Enhancing professional growth and leadership through education and research
• Providing a support structure for members
• Promoting interdisciplinary collaboration with others who support ASPSN’s mission and philosophy
• Serving as a resource for other healthcare professionals
• Promoting opportunities for networking and collaboration among like-minded individuals
• Legislative and advocacy involvement

**Goals of the 2014 ASPSN Convention**

- Develop skills to improve patient safety and outcomes
- Network with peers on issues of common concern
- Increase knowledge of trends and issues
- Increase awareness of evidence-based practice in plastic surgical nursing

**Contact Hours**

- An application has been submitted to the Georgia Nurses Association for approval of 26.5 contact hours and for approval for 3 patient safety credit hours.
- Please contact the ASPSN Offices for more information.

**Contact Hour Certificate**

Evaluations for the Annual Convention will be conducted through an online survey. The survey will be sent to all meeting attendees by Monday, October 20th. Once you complete the brief survey, you will be able to retrieve and print out your Certificate for your attendance at the Annual Convention. Please be sure the Society has your current e-mail address. If you need to update your e-mail address, please complete the form in the back of the program book and return it to the registration desk.

**Important Continuing Education Notes**

- You must be registered for this activity and complete the post meeting survey.
- You must be present no later than five (5) minutes after starting time of each session.
- You must remain until the scheduled ending time of each session attended.
- The post meeting survey must be completed in full in order for the credit to be awarded and contact hour certificate be printed.
- Keep a record of your contact hours for a period of five (5) years.

**Disclaimer**

The American Society of Plastic Surgical Nurses (ASPSN) requires all instructors, planners, reviewers, managers, and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPSN for fair balance, scientific objectivity, and appropriateness of patient care recommendations. The ASPSN also requires faculty/authors to disclose when off-label/unapproved uses of a product are discussed in a CE activity or included in related materials.

**ASPSN Special Events**

- **ASPSN Welcome & Formal Opening of 2014**
  Saturday, October 11 .......................... 8:00 am – 8:30 am

- **ASPSN Meet & Greet Reception**
  Saturday, October 11 .......................... 5:30 pm – 7:00 pm

**ASPSN Community Service Project**

**Northwestern China Care**

Northwestern China Care is interested in supporting and saving the lives of abandoned Chinese orphans. We are an independent, student run club at Northwestern University, and a recognized China Care Club under the China Care Foundation, Inc. Northwestern China Care's mission is to sponsor surgeries and medical treatments for orphans in China. Within the Chicago area, we aim to create and foster a stronger community with the adopted children and with China Care families by holding playgroups and a mentorship program for adopted orphans. The money we raise goes to support individual children, children with names and faces. Northwestern students have a chance to impact singular lives, one by one, whether that be by raising money, playing with kids at playgroups, or being a mentor to an adopted Chinese child.

Though a student club in college seems trivial and minor with respect to the vastness of the orphan problem in China, Chinese orphans and adopted families gladly accept every small deed that is offered. Thus every donation, no matter how small or large, and every hour dedicated to supporting this cause can change lives.

**General Information**

Please take a moment to read the following:

**Registration:** The registration schedule for the convention is as follows:

- Thursday, October 9 .......................... 11:00 am – 6:00 pm
- Friday, October 10 ......................... 7:00 am – 5:00 pm
- Saturday, October 11 ....................... 7:00 am – 5:00 pm
- Sunday, October 12 ......................... 7:00 am – 5:00 pm
- Monday, October 13 ....................... 7:00 am – 4:00 pm

**Name Badges:** When attending convention events, please wear your name badge to indicate clearly that you are a participant at the ASPSN Convention and to assist others in getting to know you.

**ASPSN Staff:** The ASPSN staff is available for questions regarding the convention schedule, exhibitor displays, evaluations, and directions, and they are open to suggestions and recommendations on ASPSN products and services.

**ASPSN On-Site Staff:**

- Lindsay DeSantis ............................ Executive Director
- Nicole Pinkham ............................... Administrative Coordinator
- Crystal Beatrice .............................. Meeting Manager
- Amy Nolfi ................................... Meeting Coordinator
- Yvonne Grunebaum ............................ Industry Manager

**Poster Sessions:**

Posters will be on display in the Grand Court Foyer Saturday, October 11th and Sunday, October 12th. Poster presenters will be available to answer questions pertaining to their posters during coffee break times on Saturday & Sunday. Poster judging will be held on Sunday from 5:00 pm-5:30 pm in the Grand Court Foyer.

**Photography and Video Recordings:** Photography and Video Recordings are prohibited in the scientific session rooms. Violators will be asked to leave the premises.

11:00 am – 12:30 pm Plastic Surgery Ethics: Beyond Face Value
Grand Ballroom AB

Moderator: Harmony Mayle, RN, BSN

The ABC’s of Bioethics: An Overview
Valerie Satkoske, MSW, PhD

Objectives:
• Summarize four basic principles of bioethics.
• Explain the concept and elements of informed consent.

Is It Communication or is it Ethics in Plastic Surgery?
E. Phillips Polack, MD

Objectives:
• Compare the importance of communication in the ethical process.
• Describe what is ethics and what is communication.

Trauma, Plastic Surgery, and Informed Consent: It’s All in the Framing
David Kappel, MD, FACS

Objectives:
• Discuss the concept of therapeutic privilege.
• Describe the concept of framing as it relates to informed consent discussions.

12:30 pm – 2:00 pm Lunch Symposium (Not for CEU)
Grand Ballroom AB
Supported by KCI

12:30 pm – 2:00 pm PSNCB Meeting
Promenade A

2:00 pm – 4:30 pm Exhibit Hours
Grand Ballroom C

2:00 pm – 3:00 pm CONCURRENT SESSION 1

Concurrent 1A Grand Ballroom AB
Nipple Sparing Mastectomy and Reconstruction
Nolan Karp, MD

Objectives:
• Identify the indications for nipple-sparing mastectomy.
• Recognize the reconstructive techniques used for nipple-sparing mastectomy reconstruction.

Concurrent 1B Promenade B
Deformational Plagiocephaly vs. Craniosynostosis: Diagnosis and Management
Rachel Ruotolo, MD

Objectives:
• Discuss the diagnostic and management differences between deformational plagiocephaly and craniosynostosis.
• Demonstrate a knowledge base of craniosynostosis and deformational plagiocephaly.

Concurrent 1C Promenade C
*Office Based Surgery Safety - PART I
Rachelle Springer, MS, ARNP, CS, CPSN, LHRM

Objectives:
• Identify staff characteristics that contribute to patient safety.
• List patient screening criteria that promote safety in the office based surgical setting.

3:00 pm – 4:00 pm CONCURRENT SESSION 2

Concurrent 2A Grand Ballroom AB
Strategies to Minimize and Manage Complications Associated with Aesthetic Facial Injectables
Connie Brennen, RN, CPSN, CP

Objectives:
• Identify complications associated with Neuromodulators and Facial fillers.
• Discuss strategies to avoid and manage complications associated with Neuromodulators and Facial fillers.

Concurrent 2B Promenade B
Aesthetic Evaluation of the Nose
Oren Tepper, MD

Objectives:
• Identify the ideal proportions of the nose for aesthetic rhinoplasty.
• Discuss better recognition of ethnic, gender, and age differences in patients.

Concurrent 2C Promenade C
*Office Based Surgery Safety PART II
Rachelle Springer, MS, ARNP, CS, CPSN, LHRM

Objectives:
• Identify elements of the environment of care that contribute to patient safety in office based surgery.
• Discuss appropriate infection control interventions for the office based surgical setting.

4:00 pm – 4:30 pm Coffee Break, visit Exhibitors
Grand Ballroom C

4:30 pm – 5:30 pm CONCURRENT SESSION 3

Concurrent 3A Grand Ballroom AB
Incorporating Laser Resurfacing in the Office Based Setting
Scott Chapin, MD, FACS & Kate Gaio, RN

Objectives:
• Identification of appropriate patients for ablative facial rejuvenation.
• Recognize the risks and complications associated with laser resurfacing.
• Discuss options of pain management during fractionated laser treatment.

Concurrent 3B Promenade B
Breast Reconstruction and Fluorescent Angiography: Clinical Applications
John Hijjawi, MD, FACS

Objectives:
• Describe the protocol indications and contraindications of fluorescent angiography.
• Discuss clinical applications of the intraoperative vascular angiography as it relates to expander-based breast reconstruction and autologous breast reconstruction.
**SUNDAY, OCTOBER 12**

**7:00 am – 5:00 pm**
Registration  
Grand Court

**7:00 am – 5:00 pm**
Speaker Ready Room  
Caucus Room

**7:00 am – 8:00 am**
Continental Breakfast with Exhibitors  
Grand Ballroom C

**7:00 am – 11:00 am**
Exhibit Hours  
Grand Ballroom C

**8:00 am – 9:00 am**
GENERAL SESSION 3  
Grand Ballroom AB

Post-Operative Care of Head and Neck Microsurgery Patient  
Tahsin Oguz Acarturk, MD

Objectives:
- Recognize the critical aspects of care that need to be delivered to the complex head and neck microsurgery patients.
- Identify flap follow up methods using various methods including clinical exam, hand-held Doppler and implantable Doppler.

**9:00 am – 10:00 am**
GENERAL SESSION 4  
Grand Ballroom AB

Mindfulness for Patients and Providers  
Rebecca Cogwell Anderson, PhD

Objectives:
- Identify history of mindfulness in health care and how it relates to your patients.
- Demonstrate mindfulness techniques for your patients and providers.
- Discuss the application of mindfulness for use with patients and self-care.

**10:00 am – 10:30 am**
Coffee Break, visit Exhibitors  
Grand Ballroom C

**10:30 am – 11:15 am**
Presidential Address  
Grand Ballroom AB

Sue Kunz, BS, RN, CPSN

Robert X. Murphy, Jr, MD  
ASPS President

**11:15 am – 12:00 pm**
Membership Meeting  
Grand Ballroom AB

**12:00 pm – 2:00 pm**
PSN Editorial Board Meeting  
Promenade Ballroom A

**12:00 pm – 1:30 pm**
Luncheon with Exhibitors

**1:30 pm – 2:30 pm**
CONCURRENT SESSION 4

**Concurrent 4A**  
Grand Ballroom AB

Shadow Imaging: Antennal Counseling for Fetal Cleft Lip and Palate  
Julia Corcoran, MD, FACS FAAP

Objectives:
- Compare ultrasound images to birth photographs of cleft lip.
- Distinguish needs for couples determining how to manage a fetus with cleft lip and palate.

**Concurrent 4B**  
Promenade B

Pyoderma Gangrenosum: All that Oozes Isn’t Pus  
Ginger Mars, RN, MSN, NP-c, CCRN, CPSN

Objectives:
- Identify the co-morbidities placing a patient at higher risk for developing Pyoderma Gangrenosum.
- Discuss the treatment options once Pyoderma Gangrenosum is diagnosed.

**Concurrent 4C**  
Promenade C

Self-Care for the Nursing Professional  
Errol McClendon, CPC, ELI-MP

Objectives:
- Identify feelings associated with the demands of your job.
- Generate a plan for nurturing yourself.

**2:30 pm – 3:30 pm**
CONCURRENT SESSION 5

**Concurrent 5A**  
Grand Ballroom AB

The Chemically Impaired Medical Professional: What Now?  
Roger C. Mixter, MD  
Sue Kunz, BS, RN, CPSN

Objectives:
- Recognize the chemically impaired medical professional.
- Discuss systems to lessen the possibility of aiding the impaired medical profession.

**Concurrent 5B**  
Promenade B

Single Stage “Direct to Implant” Breast Reconstruction  
Jo Ann Garofalo, RN, CPSN

Objectives:
- Identify the factors that determine a patient’s candidacy for single stage implant reconstruction.
- Describe the surgical approach to single stage implant reconstruction within patients.

**Concurrent 5C**  
Promenade C

Private Practice: Is There a Future?  
Loren S. Schechter, MD, FACS

Objectives:
- Recognize traditional and new physician models within your practice.
- Identify challenges to the current practice model and how it can be enhanced.
Lessons Learned from the Coconut Grove Fire and its Effect on Burn Care
Thomas Davenport, MD

Objectives:
- Discuss how modern-day burn care was developed from the Coconut Grove fire.
- Explain different treatments involved in burn care.

P1. Lived Experience of PBR Patients to Develop Patient Education Materials
Martha Adigwe Mozia, DNP, RNFA, FNP, GNP, MS-HCM

Objectives:
- Provide post Bariatric and Reconstruction pictographic educational based on past experience of patients that have gone through the same procedure.
- Formulate educational material for bariatric surgery practices.

P2. Infection Prevention in Breast Reconstruction Patients Using Drain Protocol
Andrea Shaw, RN

Objectives:
- Identify patients at risk who may benefit from drain protocol.
- Explain the process of new drain protocol.

P3. DSM-5: The Morphing of Body Dysmorphic Disorder
Annette Wilson, MA & Rebecca Cogwell Anderson, PhD

Objectives:
- Track the diagnostic criteria for Body Dysmorphic Disorder over time.
- Identify current diagnostic criteria for Body Dysmorphic Disorder.
- Discuss implications in a clinical setting for plastic surgery nurses.

Sharon Grainger, RN

Objectives:
- Develop an electronic health record template specific to your Plastic Surgery workflow that will make documentation more efficient.
- Identify specific diagnosis to your practice and the most common outcomes.

P5. Skin Grafting for the Treatment of Enterocutaneous Fistulas
Jessica Korsh, MS

Objectives
- Illustrate how this method may assist in fistula closure
- Tell why fistula management is important

P6. Treatment of Radiation-Induced Pelvic Cavity Injuries with Hyperbaric Oxygenation Therapy
Katelin O’Brien, BSN

Objectives:
- Explain the effect radiation has on healthy tissue
- Illustrate why/ how HBOT therapy may increase the amount of oxygen available to ischemic tissue

P7. Use of the Facial Artery Myomucosal Flap for Salvage of a Failed Fasciocutaneous Fibula Flap: A Case
Kristen Aliano, MD

Objectives:
- Discuss what the FAMM flap is
- Describe what the FAMM flap is usually used for

P8. Smoking and Wound-Healing: A Review
Michael Singer, MD

Objectives:
- Discover the optimal time to stop smoking pre-operatively
- Identify the established poor outcomes post-operatively of smokers

The Fifth Vital Sign: Pain Management
Laura Means, PharmD

Objectives:
- Review the approach to pain control according to the new Pain, Agitation, and Delirium (PAD) guidelines.
- Describe ways in which a patient’s home pain regimen may be adjusted perioperatively.

Understanding Human Communication: Reasons and Motivations, Temperament and Traits
E. Philips Polack, MD, MA, FACS

Objectives:
- Explain communication from a social psychological perspective.
- Discuss the various communication traits that we encounter as we interact with other individuals both in our professional and personal lives.
9:00 am – 10:00 am  *Psst…Plastic Surgery Safety Tips  
*Grand Ballroom AB

**Alarm Fatigue**  
Nancy Radoslovich, RN, MA, CPSN  

**Objectives:**  
- Define the meaning of alarm fatigue.  
- Identify patient safety issues with alarm fatigue.

**Transfer of Patient Care - A Surgical Team Effort**  
Debbie Rapuano, RN, BSN  

**Objectives:**  
- Identify avoidable adverse events related to ineffective communication.  
- Formulate methods that will ensure that information is communicated consistently during patient care transitions.

**Injectables**  
Haley J. Wood, MSN, WHNP, CANS, CPSN  

**Objectives:**  
- Explain the safety required of dermal fillers versus a neurotoxin injection.  
- Explain principles of laser safety including appropriate glasses, door signs and smoke evacuators if required.

10:00 am – 10:10 am  Coffee Break  
*Grand Court*

10:10 am – 10:15 am  Significant Achievement Award Presentation  
*Grand Ballroom AB*

10:15 am – 11:15 am  GENERAL SESSION 7  
*Grand Ballroom AB*

**The 23rd Facial Transplant: Evolution & Treatment Plan via Multidisciplinary Care**  
T. Nicole Kelley, MS, ACNP, CCRN, CPSN  

**Objectives:**  
- Summarize four basic etiologies of craniofacial defects and dysfunctional sequelae.  
- Identify current conventional surgical treatment limitations and the role for facial transplantation.

11:15 am – 12:15 pm  GENERAL SESSION 8  
*Grand Ballroom AB*

**Hand Transplantation – Anatomy Matters**  
L. Scott Levin, MD  

**Objectives:**  
- Recognize forearm and hand anatomy  
- Describe the principles of transplantation

12:15 pm – 2:30 pm  Lunch with ASPS Exhibitors  
*Convention Center*

2:30 pm – 3:30 pm  GENERAL SESSION 9  
*Grand Ballroom AB*

**Body Dysmorphia and the Plastic Surgery Patient**  
Kristi Elliott, RN, FNP-C, CPSN  

**Objectives:**  
- Observe signs that may indicate body dysmorphia in a plastic surgery patient.  
- Discuss treatment options and expected outcomes of the body dysmorphia patient.

3:30 pm – 4:30 pm  GENERAL SESSION 10  
*Grand Ballroom AB*

**International Medical Mission: Unique Opportunity and Important Responsibility**  
Arun Gosain, MD  
Chad Purnell, MD  

**Objectives:**  
- Define international mission trip expectations, including quality and safety, so volunteer medical staff are best prepared for the experience.  
- Discuss the benefits and obstacles of international medical trips in developing countries and different cultures.

## Product Descriptions

### AIRXPANDERS
1047 Elwell Court, Palo Alto, CA 94303
Airxanders has developed the AeroForm tissue expander, a patient controlled breast tissue expander. AeroForm is a revolutionary patient-controlled expander, activated by a wireless remote control. AeroForm utilizes compressed carbon dioxide (CO2) for expansion, eliminating the need for needles and weekly injections, and achieving full expansion in weeks vs. months.

www.airxpanders.com

### ALLERGAN
2525 Dupont Dr, PO Box 19534, Irvine, CA 92612
Allergan Medical offers the most comprehensive, science-based, aesthetic product offerings, including BOTOX® Cosmetic (onabotulinumtoxinA); the JUVÉDERM® family of hyaluronic acid dermal fillers; LATISSE® (bimatoprost ophthalmic solution) 0.03%; and physician-dispensed skin care products. Allergan Medical also offers the industry's widest range of silicone gel-filled and saline-filled breast implant options for reconstructive and aesthetic breast surgery.

www.allergan.com

### BIO-OIL
75 Enterprise, Ste 300, Aliso Viejo, CA 92656
Bio-Oil® is a specialist skincare product that helps improve the appearance of scars, stretch marks, and uneven skin tone. Its advanced formulation, which contains the breakthrough ingredient PurCellin Oil™, also makes it highly effective for numerous other skin concerns including aging and dehydrated skin.

www.bio-oilusa.com

### BIRD & CRONIN, INC.
1200 Trapp Rd., Eagan, MN 55121
Bird & Cronin, Inc. manufactures specialty surgical care products and orthopedic soft goods. We are featuring our patented trio of post-surgical drainage bulb products designed by a med/surg RN. These drainage solutions help improve surgical procedure outcomes and reduce complications by individually securing and managing drains and tubes during recovery.

www.birdcronin.com

### CDC JEWELRY/NAMES TO GO
1713 Executive Lane, Glenview, IL 60026
Quality jewelry at affordable prices.

### CONTEMPORARY DESIGN, INC.
P. O. Box 3637, Palmer, PA 18043
Contemporary Design Inc.R aims to be The Perfect Fit for post-op garments - both for your patients and for your facility. Our exceptional customer service, same day shipping policy and high quality Sculptures Compression WearTM line have helped create a lasting impression in the industry for over 25 years. We also offer medical grade liposuction foam and a full line of customizable cold therapy. Stop by for a free sample!

www.contemporarydesigninc.com

### DESIGN VERONIQUE
999 Marina Way South, Richmond, CA 94804
With 30 years of design and manufacturing innovation, patent approvals, and FDA certifications, Design Veronique® offers over 100 Postsurgical Medical Compression Garments to assist patients in recovery from aesthetic or reconstructive procedures. We are the leading exporter to the Americas, Europe, and Asia, with availability to doctors and patients worldwide.

www.DesignVeronique.com

### GALDERMA LABORATORIES
14501 N. Freeway, Fort Worth, TX 76177
Galdelma is committed to delivering innovative medical solutions to meet the dermatological needs of people throughout their lifetime while serving healthcare professionals around the world.

www.galdelmausa.com

### IMAGE SKINCARE
7130 Seacrest Boulevard, Palm Beach, FL 33462
Image Skincare is an evidence-based clinical skincare company, providing professional skincare products and effective skincare solutions. The most innovative brand in the industry, Image Skincare consistently produces the latest anti-aging, balancing, hydrating, and illuminating technologies to further its mission of helping the world to Age Later™.

www.imageskincare.com

### JAN MARINI SKIN RESEARCH, INC.
5883 Rue Ferrair, San Jose, CA 95138
Jan Marini Skin Research markets products through physicians and skin care professionals that represent technological breakthroughs previously unavailable. Preparations include resurfacing agents, growth factors, topical lipid soluble Vitamin C, antioxidants and oral nutritional supplementation. Jan Marini Skin Research products achieve outstanding results that have not been possible prior to these advancements.

www.janmarini.com

### KCI
8023 Vantage Drive, San Antonio, TX 78230
Acelity is a global wound care and regenerative medicine company created by uniting the strengths of three companies, Kinetic Concepts, Inc., LifeCell Corporation and Systagenix Wound Management, Limited. We are committed to advancing the science of healing and restoring people’s lives. Available in more than 75 countries, the innovative and complementary Acelity product portfolio delivers value through solutions that speed healing and lead the industry in quality, safety and customer experience. Headquartered in San Antonio, Texas, Acelity employs more than 5,500 people around the world. We believe in enabling better futures for everyone.

www.kci1.com

### MARENA GROUP
650 Progress Industrial Blvd., Lawrenceville, GA 30043
Combining clinical testing with extraordinary service, The Marena Group is the leading manufacturer of surgical compression garments, partnering with medical professionals in 80 countries to improve patient comfort and garment function. With our ComfortWear®, activewear and shapewear lines, we work with you to grow your business and extend your patient relationships.

www.marenagroup.com
MENTOR CORPORATION
201 Mentor Drive, Santa Barbara, CA 93111
Mentor Worldwide LLC is a leading supplier of medical products for the global aesthetic market. The company develops, manufactures, and markets innovative, science-based products for medical procedures that allow patients to improve their quality of life. Mentor is the only manufacturer whose breast implants are made in the U.S.A.
www.mentorwwllc.com

MERZ PHARMACEUTICALS
4215 Tudor Lane, Greensboro, NC 27410
Merz North America is a specialty healthcare company that develops and commercializes innovative treatment solutions in aesthetics, dermatology and neurosciences in the U.S. and Canada. Our ambition is to become a recognized leader in the treatment of movement disorders, and in aesthetics and dermatology.
www.merzusa.com

MUSCULOSKELETAL TRANSPLANT FOUNDATION
125 May Street, Edison, NJ 08837
MTF is a non-profit tissue bank dedicated to providing quality tissue through a commitment to education, research, and care for recipients, donors and their families. FlexiHD Pliable, created in collaboration with leading plastic surgeons, is a high quality acellular dermal matrix (ADM) designed specifically for breast reconstruction.
www.mtf.org

PCA SKIN®
6710 East Camelback Road; Suite 230; Scottsdale, AZ 85251
PCA SKIN® is a healthcare company providing daily care products and chemical peels for physicians and clinicians worldwide to address their patients’ acne, aging skin, sensitive skin and hyperpigmentation. PCA SKIN is a trusted educational resource with over a 20-year history of helping to improve skin health and people’s lives.
www.pcaskin.com

PIERRE FABRE USA
9 Campus Drive, Suite 2, Parsippany NJ 07054
Pierre Fabre USA is a global leader in dermatological skincare. The brands include: Eau Thermale Avène®, a dermo-cosmetic brand based on clinically-proven thermal spring water, dedicated to sensitive skin; Glytone®, a skin rejuvenation system offering highly effective skincare regimens, through in-office procedures (glycolic acid and salicylic acid peels), as well as at-home treatments.
www.pierre-fabre.com

SIENTRA
420 S. Fairview Ave. Suite 200, Santa Barbara, CA 93117
Sientra, Inc, headquartered in Santa Barbara, California, offers a broad and compelling array of plastic surgery devices for aesthetic and reconstructive surgery, including silicone gel breast implants, tissue expanders, body contouring, facial implants, and specialty products. Sientra’s offering incorporates the SILIMED® brand portfolio of products, a highly recognized brand worldwide.
www.sientra.com

SYNERON – CANDELA
3 Goodyear Unit A, Irvine, CA 92618
Syneron and Candela are the global leaders in the aesthetic medical device marketplace. We are one company with two distinctive brands. We combine a level of innovation, expertise and customer understanding superior to that of any company in our industry. Financial stability, through our aligned resources, allows our new company to offer customers the broadest available product portfolio, the best global service organization and an expansive worldwide distribution network. Together, we are more market responsive than ever before. We know how to quickly innovate the safest and most effective products to meet a variety of needs and price points. We are even stronger at anticipating future market trends to help support our customers and their patients. With new breakthrough technologies currently in the pipeline, we are ideally positioned to maintain our global leadership and continue to help you grow your practice.
